# ADVANCING PRISON BIRTH JUSTICE

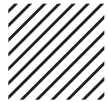

This report provides an overview of the key insights from the Advancing Prison Birth Work in the State of Wisconsin Conference. The 3-day conference was hosted by the Ostara Initiative at the Johnson Foundation at Wingspread in September 2023.

A leader in prison birth work, Ostara exists “to collectively transform systems by reimagining justice, advancing health, and reclaiming dignity in our policies and practices for all pregnant and parenting people.”

Ostara’s goal is to end prison birth in America.

# EXECUTIVE SUMMARY

The purpose of the conference was to convene critical and inclusive collaborators in the development of an action plan to implement a prison doula project in the state of Wisconsin.

Attended by diverse, prison birth work stakeholders from Wisconsin, Minnesota and Virginia, the organizations and individuals represented at the conference included the following:

- African American Breast Feeding Network
- Essentially Empowered
- FREE
- JustDane
- Minnesota Prison Doula Project
- Office of US Senator Tammy Baldwin
- Ostara
- Regal Aspire
- UW – Madison
- University of Minnesota
- Virginia Prison Birth Project
- Wisconsin Department of Health Services
- Wisconsin Resource Center

The conference provided an opportunity to learn directly from individuals with pregnancy and postpartum experiences in correctional custody in Wisconsin and from successful prison doula programs around the county. Attendees engaged in discussions and activities with the aim of collaboratively identifying resources to pilot a prison doula program in Wisconsin in the next 18 months and developing an implementation strategy to guide short-term collective action.

The culminating conference activity was an action planning session that resulted in the shared goal of developing and launching a prison doula program to serve birthing people at Taycheedah Correctional Institution and action commitments that aligned with fundraising, leadership, infrastructure, evaluation framework, building awareness, and developing relationships.

*We really need a Wisconsin Prison Doula Project. No woman should birth alone. It's barbaric. Everybody deserves a beautiful birth story.*

# GALLERY WALK

This activity paired a gallery walk of 10 posters with data points related to prison birth research and findings.

Participants viewed each poster and data point and discussed it with a partner noting reflections, impressions, and sparks of inspiration. The gallery walk concluded with a discussion of the participant feedback and a presentation about the data points and practices that were reflected in the photos.

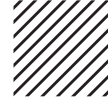

We already have people in the state that care about prison birth. They have people who fund this work. We really do need to get the awareness out there.
